

Postdoctoral Fellow Position, Adolescent Development Lab, University of Alberta

The Adolescent Development Lab at University of Alberta, led by Dr. Yao Zheng, has several openings available for full-time postdoctoral fellows. The starting date can be as early as September 2020 but negotiable. The initial appointment is for one year, renewable for a second year depending on performance, and up to a third year depending on performance and grant funding. Salary will be commensurate with experience.

The successful candidate will help coordinate research projects that investigate adolescents' and young adults' daily experiences and well-being. Primary responsibilities include overseeing project progress, conducting data analysis, preparing for conference presentations and scientific manuscript writing for publication in peer-reviewed journals, and supervising research assistants. Postdoc fellows will have opportunities to work on daily parent-adolescent dyadic data, adolescent ecological momentary assessment data, as well as twin daily diary data (this position requires prior twin modeling training experience). There will also be opportunities to work on conventional multi-wave longitudinal data.

Required qualifications

- A doctoral degree in developmental psychology, human development and family studies, applied psychology, educational psychology, or a related area
- Strong background/interests in adolescent socioemotional development and diary research
- Evidence of independent scholarship, strong interpersonal and communication skills, and outstanding academic English writing skills

Preferred qualifications

- Strong analytical skills such as structural equation modeling and multilevel modeling using Mplus, R, or SAS
- Prior publication experience at peer-reviewed journals
- Experiences with collecting and analyzing diary and other intensive longitudinal data

To Apply

Please submit a cover letter (2-page maximum) that describes your relevant training and career goals, up-to-date CV, research statement (2-page maximum), up to three representative publications, as well as the name and contact information of three references in one pdf file to yao.zheng@ualberta.ca with "Postdoc Application" in the subject line. Review of the applications will begin immediately until the positions are filled. For more information, please contact Dr. Zheng (yao.zheng@ualberta.ca).

We thank all applicants for their interest; however, only those individuals selected for an interview will be contacted.

The University of Alberta is committed to an equitable, diverse, and inclusive workforce. We welcome applications from all qualified persons. We encourage women; First Nations, Métis and Inuit; members of visible minority groups; persons with disabilities; persons of any sexual orientation or gender identity and expression; and all those who may contribute to the further diversification of ideas and the University to apply.
